

Standing majestically on a peninsula of Bequia and surrounded by lush tropical rainforest, this stunning villa was designed by the legendary Maurice and Janet Tammes O'Brien.

No feature is so simple that it lacks the wow factor and, set on Paradise Mountain Beach, the property comprises three bedrooms and four bathrooms spread across multiple levels. Other key features include an outdoor pool, dining room, indoor kitchen and party outdoor kitchen, custom stone walls and glass-clad walls.

Guests and guests can relax in the private pool that flows down into a large swimming pool or 400m of the beach perfect for swimming with a lion.

The sophisticated interior offers a warm and relaxing atmosphere and is perfect for a family holiday.
